

Final Examination Schedule, December 9-16, 2006

Please use the listing below to determine the final examination time for your class. In a combined lecture-laboratory course, class time listed is the first lecture section. Examination in the laboratory portion of the course may be given during the last week of class preceding the examination week or during examination week at the time period listed on this schedule for your class.

Students having conflicts with this examination schedule must notify the appropriate instructor before Friday, November 10, 2006. Any student having more than three examinations scheduled in any one day may notify the instructor of the last examination listed. If notified before November 10 2006, the instructor shall make arrangements to give a special examination. Conflicts arising as a result of scheduling out of normal hours-pattern or day sequences must be resolved by the instructor of the off-pattern courses. Changes in this examination schedule are not permitted except by formal approval of the instructor's College Dean.
