ORDER OF THE ENGINEER

THE UNIVERSITY OF NEW MEXICO
The School of Engineering
Eta Kappa Nu - Electrical & Computer Honor Society
Invites you to participate in the
ORDER OF THE ENGINEER RING CEREMONY

ORIGIN & PURPOSE
The Order of the Engineer was initiated in the United States to foster a spirit of pride and responsibility in the engineering profession, to bridge a gap between training and experience, and to present to the public a visible symbol identifying the engineer.

The first ceremony was held on June 4th, 1970 at Cleveland State University. Others like it have since spread across the United States at which graduate and registered engineers are invited to accept the Obligation of the Engineer and to wear a stainless steel ring.

This semester, The University of New Mexico will conduct its second ceremony to uphold this spirit of pride and responsibility and to also share a common bond with those engineers who have partaken in this ceremony since it first began.

For more information about the Order of the Engineer please visit:
www.order-of-the-engineer.org

WHO CAN PARTICIPATE?
Students graduating Fall 2006, as well as graduate students with a degree from an ABET-accredited engineering program are eligible to participate in this ceremony. We also invite any engineering faculty who are current members as well as those who would like to be inducted.

WHEN
The Engineer Ring Ceremony will be conducted on Friday, December 1st, 2006 at the University of New Mexico Student Union Building Ballroom A.
The ceremony will begin at 7:00PM and a reception will follow.

HOW TO APPLY
Applications will be distributed throughout each engineering department. Fill out the application and return to The Department of Electrical & Computer Engineering Academic Advisor, Roberta Menicucci, ECE Rm 115. Ring sizing will also be done through Roberta.

Contact Roberta Menicucci at:
